

Charlotte Wong

Full Stack Dev

Charlotte Wong

5 Silvermaple
Irvine, CA 95492

(707) 328-1451
ChiharuTaru@gmail.com

Skills

Languages: C++, Python, Java, C, HTML, CSS, JavaScript, AHK

Concepts: OO Design, Interaction design, Architecture design(UML)

Technologies: Visual Studio Code, Git, Photoshop, CSP, Zoom

Experience

Script Writer

2018 - PRESENT,

Writing scripts to automate basic tasks in online games with the purpose of making progress while away from the keyboard. The scripts I write are most commonly made with AHK. They commonly involve randomly generated variables and color detection but the contents vary based on the task.

Retail Sales Associate

2014 - 2015,

Honestly I didn't have the worst experience with retail, well not as bad as some people at least! I never got any super difficult customers. Despite all of this I'd rather not go back to a retail job.

Education

Pierce College

August 2015 - May 2018, Woodland Hills, CA

Associates Degree in compsci then transferred to UC Irvine

University of California Irvine

August 2018 - May 2020, Irvine, CA

Studied software engineering and general compsci

UC Irvine: Department of Continuing Education

May 2021 - Present, Irvine, CA

Coding bootcamp with a focus on fullstack development
